### How much should I give to make this a better world?

A CERTAIN man in New York filled out his  
income tax report.

It showed an income so large that his tax was  
53%. And his total gifts to church and char-  
ity for the year were \$148.

Think of it—thousands spent for luxuries and  
pleasure for himself; and \$148 to leave the world  
a little better than he found it!

Most of us do better than that; but not so very  
much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America  
are paid less than \$20 a week. No wonder that  
the church hospitals turn away thousands of sick  
people a year. No wonder that China has only  
one doctor for every 400,000 people. No wonder  
that every church board and charity society is  
forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we  
don't want to help. It's just because no one has ever put  
up a great big program to us, and asked us to think of the  
work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united  
program of thirty denominations. They have surveyed  
their whole task, no business could have done it better.

They have budgeted their needs; no business could have  
a more scientific budget. They have united to prevent the  
possibility of waste and duplication. At least a million dol-  
lars will be saved by the fact that thirty individual cam-  
paigns are joined in one united effort.

And they come to the men or women who love America  
—to you—this week asking you to use them as the chan-  
nel through which a certain definite part of your income  
can be applied to make this a better world.

Only you can determine what part of your income that  
should be.

It's a good time right now to answer that question.  
We're passing through the world just once; how much  
better will the world be because you passed through?

Financial  
Campaign

### Steve Burkgrooms.

An admirer of Steve Burke, the  
evangelist of Golden City, hands  
The News the following sayings  
which Mr. Burke makes frequent  
use of in his evangelistic work:

I never could understand how a  
man could enjoy a revival and be  
on the way to hell.

If you are waiting to accept  
Christ until you hear the preacher  
whose style suits you, you will be  
roasting in hell a thousand years be-  
fore he comes around.

The biggest fool school board is  
the one that employs a teacher to  
instruct your boys and girls who is  
not a Christian.

"Not tonight" is the song of the  
dying swan.

I have seen people with faces as  
long as a cowboy's bootleg who  
would talk about their religion.  
They didn't have religion, they had  
liver complaint.

If you expect to be happy in the  
service of God put something into  
it.

There are more hypocrites out-  
side the church than inside.

If you are waiting for feeling  
to accept Christ, just take him now  
and get to work. The feeling fol-  
lows the medicine.

It is easy to lead brave men to  
Christ.

All we need to sweep this town  
for Christ is a dozen people who  
are in earnest.

No town was ever won to Christ  
where the people sat down and  
waited for things to come to pass.

The most natural thing for a  
man who has transgressed the law  
of God to do is to hide from Him.

It is not material how you stand  
financially or socially in this town  
but how you stand before God.
